

PRECIOUS OYESIKU

+2349130246997 ◇ preciousoyesiku14@gmail.com ◇ Lagos, Nigeria ◇ [LinkedIn](#)

SUMMARY

Computer Science student with hands-on experience building responsive web applications using HTML, CSS, JavaScript, React, and PHP. Skilled in translating UI/UX designs into functional web interfaces and integrating front-end applications with basic backend and database systems. Comfortable navigating the AWS Management Console and working with core AWS services, with growing expertise in cloud computing (AWS Cloud Practitioner). Passionate about creating user-friendly digital products, learning emerging technologies, and contributing to collaborative software development teams through internship opportunities.

EDUCATION

Bachelor of Science (B.Sc.) in Computer Science , Trinity University (GPA: GPA: 4.83/5.0)	Present Lagos, Nigeria
West African Examinations Council (WAEC)	Jul '24 Lagos, Nigeria

SKILLS

Programming Languages HTML, CSS, JavaScript, Python, PHP, C++, C
Frontend Development React, Responsive Web Design
Databases & Backend MySQL, Database Design, phpMyAdmin
UI/UX & Design Tools Figma, Adobe XD, Google Stitch
Developer Tools Git, GitHub, GitHub Copilot, VS Code, XAMPP
Collaboration Tools Slack, Notion, Microsoft Teams, Discord
Cloud computing AWS, S3, EC2, IAM, VPC, RDS, cloud computing fundamentals
Core Competencies Problem Solving, Team Collaboration, Adaptability, Fast Learning, Attention to Detail, Communication

PROJECTS

Marchetti (Real Estate Website) , Personal Project	Apr '26 — Apr '26 Lagos, Nigeria
- Designed and deployed a real estate landing page prototype using AI-assisted development tools. - Created UI wireframes and page layouts in Figma prior to development. - Managed project version control using Git and GitHub. - Demonstrated rapid prototyping and adaptability by combining design tools, AI platforms, and frontend development workflows. - Built a clean, modern interface optimized for user engagement and property showcase.	
Dry Me (Laundry Booking Website) , Personal Project	Mar '26 — Apr '26 Lagos, Nigeria
- Designed and developed a responsive landing page for a laundry booking platform featuring services, pricing, testimonials, and contact sections. - Built the frontend using HTML, CSS, and JavaScript based on UI mockups created in Adobe XD. - Integrated a booking/contact form with PHP and MySQL to capture and store customer information. - Configured a local development environment using XAMPP and managed database operations with phpMyAdmin. - Applied responsive design principles to ensure accessibility across desktop and mobile devices.	

AWARDS

Vice president of NACOS department Trinity university	May '26
In my sophomore year, I was honored with the privilege of serving as the Vice President of Trinity's NACOS department. For me, it wasn't just another position; it was a responsibility I truly valued. It gave me the opportunity to serve, lead, and contribute meaningfully to the growth of my department. It was a great opportunity one I never took for granted.
